SUMMARY

React Front-End Developer with a Computer Science degree (Software Engineering) from Mansoura University, blending front-end craftsmanship with full-stack fluency in React, TypeScript, Node.js, PostgreSQL, and Prisma. A disciplined engineer recognized with a formal commendation for technical performance, ready to bring proven reliability and versatility to a growing product team.

SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, React Hooks
Styling:	Tailwind CSS, Bootstrap, Responsive Design, Framer Motion
State Management:	Redux, Zustand, Context API, React Query, React Hook Form
Backend:	Node.js, Express.js, REST APIs, JWT Authentication
Database:	PostgreSQL, Prisma ORM, Firebase
Tools & Version Control:	Git, GitHub, Vite, Axios, Zod, React Router DOM
CS Fundamentals:	Object-Oriented Programming (OOP), Data Structures, Algorithms, Clean Code

EXPERIENCE

Freelance Projects

01/2024 – 12/2024

Frontend Developer | *Remote*

- Developed React applications using reusable, component-based architecture integrated with REST APIs.
- Converted Figma design specifications into responsive, cross-browser-compatible user interfaces.

Tech Stack: React, TypeScript, Tailwind CSS, Axios, Git

Electronic Warfare Unit, Egyptian Armed Forces

03/2025 – 03/2026

Technical Service | *Ministry of Defense HQ*

- Maintained and supported software and electronic systems within a structured, security-conscious technical environment.
- Recognized by Major General Mohamed Mansour for exceptional commitment and technical performance.

PROJECTS

Government Jobs Portal

[Live Demo](#) | [Git Repo](#)

Full-Stack Web Application

- Built three role-based dashboards (Citizen, Agency, Admin) secured with JWT authentication and httpOnly cookies.
- Implemented profile auto-fill, document storage, and Excel report export functionality.
- Designed a relational database schema using Prisma and Firestore, including public National ID lookup.

Tech Stack: React 18, TypeScript, Node.js, Express, PostgreSQL, Prisma, Firebase, Tailwind CSS, JWT

Stools

[Live Demo](#) | [Git Repo](#)

AI-Powered Bookmark Manager

- Built a bookmark manager supporting multiple view modes and Gemini AI-based auto-categorization.
- Added Arabic/English localization with RTL/LTR switching and real-time Firebase synchronization.
- Developed a Node.js/PostgreSQL backend with Prisma ORM supporting bulk operations.

Tech Stack: React 19, TypeScript, Tailwind CSS v4, Framer Motion, Node.js, Express, PostgreSQL, Prisma, Firebase, Gemini AI

Blog Platform

[Live Demo](#) | [Git Repo](#)

Content Management System (CMS)

- Developed a full CRUD blog platform featuring real-time search, tag filtering, and dark/light mode.
- Built Canvas-based particle animations and smooth page transitions using Framer Motion.
- Integrated the React Quill rich-text editor with image upload and a mobile-first responsive layout.

Tech Stack: React 18, TypeScript, Vite, Tailwind CSS v4, Framer Motion, React Quill, React Router DOM

EDUCATION

Mansoura University

07/2020 – 07/2024

Bachelor of Computer Science – Software Engineering | *Mansoura, Egypt*

- Grade: Very Good
- Graduation Project: A+

CERTIFICATIONS

Digital Egypt Pioneers Initiative (DEPI)

04/2024 – 10/2024

Microsoft Machine Learning Engineer | *Mansoura, Egypt*

- Covered machine learning fundamentals (supervised/unsupervised learning), deep learning (CNN, RNN), and NLP basics.
- Practiced data preprocessing and model building using TensorFlow, Keras, and Pandas.

ITI Summer Training

07/2023 – 09/2023

Full Stack Web Development – PHP Track | *New Capital, Egypt*

- Learned full-stack development fundamentals and built web applications with PHP backend integration.

ORGANIZATIONS

Microsoft Mansoura Community

11/2023 – 02/2024

Financial Resources Member | *Mansoura, Egypt*

- Helped secure sponsorships and prepared research reports on technology companies.

CIS Team, Mansoura University

01/2022 – 02/2023

Frontend Trainee | *Mansoura, Egypt*

- Contributed to frontend development tasks and built responsive interfaces using HTML, CSS, and JavaScript.
